

January 2022

Dear Parents and Guardians:

Course selection is an important first step that helps students begin high school in a positive way. Indian Prairie School District #204 prides itself on successful transitions for our students and parents. As part of this endeavor our high schools will be hosting an Orientation/Open House evening for all current 8th graders who plan to attend our high schools next fall. Please attend the designated evening for the school your child will be attending in ninth grade.

Metea Valley High School

February 2, 2022 Metea Valley High School Gym 7:00PM All incoming 9th grade students. Families should enter through Door #19.

Neuqua Valley High School

February 2, 2022 Neuqua Valley High School (Main Campus) 6:30PM (Last Names A-L) and 7:15PM (Last Names M-Z). Families should enter through Door #7.

Waubonsie Valley High School

February 2, 2022 Waubonsie Valley High School 6:30PM All incoming 9th grade students. Families should enter through Door #33.

At the Orientation/Open House, parents and students are invited to view the core and elective subject areas. Department representatives will be on hand to discuss specific course requirements and answer any questions in these subject areas you may have. This is a wonderful chance for your child to see firsthand our course offerings.

With this letter, your student received a course enrollment packet/tip sheet. Please review this information and bring it with you to your Orientation/Open House evening, as it will be helpful when you visit the departments for course information. Plan to attend your Orientation/Open House and then finalize your course choices. Additional information is available in the District 204 Course Planning Guide, available on each high school's website. **All course selections must be completed by February 11, 2022.**

If your student's high school plans include Honors or Advanced Placement (AP) courses, Advanced Placement questions may be addressed to department representatives at 8th Grade Open House programs (see dates/times above).

Questions regarding participation in any of our athletic programs should be directed to the Athletic Director of your high school. Best wishes for a successful high school experience.
