

COURSE SELECTION FOR FRESHMAN YEAR 2022-2023

Additional information can be found online at <http://wvhs.ipisd.org/>. Click on the "Guidance" link.

Step 1: Core Course Recommendation (English, Math, Science, Social Studies)

8th grade teachers will recommend next year's core courses based on a variety of indicators including current grades, attendance, participation and student interest.

- To assist in your planning, circle the core courses recommended by your 8th grade teachers.
- Questions regarding a recommendation? Consult your current teacher in that subject regarding the reason for their recommendation.
- To request a level change up to a more rigorous course, contact the WV Department Chair of that subject area by **February 11th** to discuss a change in course placement (see WVHS website for contact information). Department Chairs will communicate approved level changes directly to WV Counselors. Leveling from Honors/AP to a College Prep/Regular course does not require Department Chair approval; families will select the preferred course and a counselor will remove the original recommendation.
- All core courses are full-year classes unless otherwise noted.
